CITROËN E-BERLINGO & BERLINGO VAN

**| Like you,
it does it all.**

Citroën Berlingo Van is your modern, sturdy and versatile business partner available in 2 body lengths.

The standard length M offers up to 3. m³ load space, or you can increase capacity with the XL and up to 4.4m³. But your options don't end there

Model trims

Ë-Berlingo & Berlingo Van Enterprise Plus models include:

Comfort & Convenience

- Air conditioning
- Electric power assisted steering with height and reach adjustable sport steering wheel
- 10-inch digital instrument cluster

Seating & Interior features

- 3-Seater configuration
- Six-way adjustable drivers seat with adjustable headrest: Includes lumbar adjustment and armrest
- EXTENSO® modular folding passenger bench seat with load through hatch in bulkhead and load protection cover, pivoting writing table and storage under central seat
- Overhead storage shelf in cabin
- 12 volt socket in dashboard
- 6 floor-mounted load securing rings

Technology & Entertainment

- My Citroen Play Plus multimedia audio system - 10in HD colour touchscreen - AM FM DAB digital radio - Wifi Mirroring - Bluetooth & 2 USB connection - Two speakers & two tweeters
- Citroën Connect Box with Emergency & Assistance system
- Integrated steering wheel audio controls
- Short Antenna (200mm)

Safety & Security

- Remote central locking with deadlocking. Selective cab and load area locking via 3-button remote control key
- Dashboard mounted central locking push button and auto locking above 7mph
- Electronic Stability Control and ABS with Hill Start Assist, EBA and EBSD
- Automatic activation of hazard warning lights on major deceleration
- Driver and front passenger airbag, row-1 side airbag and row-1 curtain airbag
- 3 x 3 point seatbelts
- Rear parking sensors
- Cruise control with speed limiter
- Lane Keep Assist
- Advanced Emergency Braking System
- Intelligent Speed Assistance Speed Limit Information
- Driver Attention Alert level 4 (included driver weariness camera)
- Electric Parking Brake

Exterior features

- Sliding door, left side (standard on M)
- Twin sliding side doors (Standard on XL)
- Unglazed asymmetric rear doors, opening to 180 degrees
- Electric front windows with one-touch operation
- Tyre pressure monitor system
- 16 inch grey steel wheels with half hubcap
- Puncture repair kit

- Black door handles, exterior mirrors, front rear bumpers and side rubbing strips
- Sliding door rail cover – short black trim

Lighting & Visibility

- Two-speed and intermittent front wipers
- Eco LED headlights with integrated daytime running lights (Diesel)
- Automatic illumination of headlight control
- High level third brake light
- Electrically adjustable door mirrors with temperature sensor
- Manually folding door mirrors
- High Beam Assist

Electric Vehicle Specific

- Mode 3 charging cable with Type 2 connectors (6 meters) - for accelerated charging from wall boxes and dedicated public charging points
- 7.4kW single-phase onboard charger
- AVAS: Acoustic Vehicle Alerting System. Generates a sound when travelling at low speed, audible outside the vehicle for pedestrian safety

Please note: The above LCDV codes are for England, Wales and Scotland. For Northern Ireland the 'TX' is replaced with 'T0'.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of matters including, but not limited to, any changes in legislation and or any changes by the government). Please see our Prices and Specifications brochures or contact your local Citroën Retailer for the most up-to-date prices and specification details for all models. CO₂ figures above are for a standard vehicle without any additional optional equipment. The addition of optional extras could increase the certified CO₂ emission output.

* Driver versions benefit from the EXTENSO® seat which provides an additional load length of 1273 mm and increases the load volume by 0.6 m³.

** Crew Van dimensions are based upon figures with the 2nd row seats in place. For information on dimensions with 2nd row seats folded, and 2nd row seats folded with EXTENSO® seat, please refer to Berlingo Dimensions page.

***WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vans tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

All Manufacturer's Recommended Basic Prices are exclusive of V.A.T., Delivery to Retailer and Number Plates, Government First Registration Fee and Vehicle Excise Duty.

The Government PiVG is worked out at 3% of the Base Vehicle Price (incl. VAT) and including any discounts applied up to a maximum of £2,000.

Legal notice ELECTRIC VEHICLES:

The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. They may vary depending on actual conditions of use and on different factors such as: speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

Safety Features

our Berlingo comes with enhanced Safety and Driver Assistance features as standard.

1. Forward collision alert inc. Advanced Emergency Braking System (AEBS) alerts the driver of a potential collision with a vehicle or pedestrian in the path of the van through a combination of visual and audible warnings. Should the driver fail to react, the system will reduce the speed of the vehicle to limit the severity of any impact.

2. Dynamic Surround View* incorporates a digital rear-view mirror with cameras above the rear door and in the nearside exterior door mirror, extending the view of traditional rear view mirrors. The system features include: Side blind spot detection displays a warning light in the nearside mirror to advise when a vehicle or obstacles is present. Visiopark 180 rear parking camera works with 12 parking sensors enabling safer reversing as the driver is now able to view a larger area via the digital display screen. Automatically activates when reverse gear is engaged or the rear doors are opened.

3. Driver Attention Alert** monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera A-pillar camera and steering wheel movements, warning you when it's time to take a quick break

4. Visiopark 180° with rear parking sensor* uses the rear camera to send a reconstructed 180 image of the rear area (at seen from above) onto the Touchscreen display. When the vehicle approaches an obstacle, the system automatically zooms in on the rear area to display the remaining distance more precisely. In addition, an audible alert informs of the distance measured by the rear bumper sensors.

5. Intelligent Speed Assistance recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

6. Lane Keep Assist automatically steers the vehicle to keep it in its lane when travelling over 40mph, unless turn signal is active.

1 11 kW three-phase onboard charger option is not recommended unless you intend to charge your ë-Berlingo Van primarily from a source connected to three-phase power (unlikely if a home charge point). Using this charger in conjunction with a single-phase power source will actually charge your vehicle more slowly than the standard 7.4 kW single-phase onboard charger.

2 Not available with 6ML Access & Go Pack. Electric Only

3 Not available with 6SR Winter Pack

4 Automatic Only

SpeedCam/Danger Zones package

The SpeedCam Danger Zones package helps you identify situations which require increased attention by sending you both audible and visual alerts (subject to settings). Within the UK the service highlights different types of speed cameras, and red light cameras, as well as accident blackspots.

While the service is operational across most of Europe, it adapts as necessary when travelling in different countries to ensure the local laws with respect to Speed Camera identification are followed. This option can be added to your Citroën Connect Nav subscription at any time. Please visit <https://services-store.citroen.co.uk> to subscribe.

Drive Assist Pack

Adaptive Cruise Control. Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance – 1 mph minimum with manual transmission. For models with automatic transmission, the system will bring the vehicle to a complete standstill if required.

Lane Positioning Assist. If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

Advanced emergency Braking System. This system alerts the driver of a potential collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Extended Traffic Sign Recognition. This system automatically detects and reads speed limit start and end signs. The maximum authorised speed detected is shown in the instrument panel. The information is updated as soon as you pass a speed limit sign.

Extenso® cabin

The modular Extenso® cab features three seats plus useful flexibility and smart storage spaces. It also accommodates longer objects from the rear extending load length to up to 3.44 m.

Three individual seats in the front for your team.

The central seatback can be folded down to access a pivoting table.

Fold the side passenger seat up to provide additional space for transporting fragile loads in the footwell.

Citroën Connected Services

Vehicles equipped with the Citroën Connect box, have an embedded SIM card. So as well as the safety features of this system, a range of other 'connected services' which require data transmission, can be offered on a subscription basis. Additional terms & conditions apply to connected services, including customer acceptance of location sharing prior to activation. Subject to subscription - after you have taken delivery of your vehicle, please subscribe on: <https://services-store.citroen.co.uk>

Telemaintenance: proactive monitoring of your vehicle & contact when something needs attention

Real Time Traffic & Speedcam Package: live data to enhance the Citroën Connect Nav system

Service availability depends on the hardware on each vehicle. To see if your vehicle is eligible for any services and subscribe, log in or create an account on <https://services-store.Citroën.co.uk>

Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the US and other countries. Android is a trademark of Google Inc., also registered in the US and other countries. Services may require a subscription fee and are subject to mobile network coverage and availability

Also includes a fleet management service offer....

Preventive Maintenance

For 4 years for customers managed by DEALERS

(B2C & SME)

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

Electric information at your fingertips

The driver’s display behind the steering wheel provides battery charge status and there’s a range of additional information via the 10 inch central touchscreen.

Everything you need to charge
Citroën have partnered with Octopus Energy to provide everything you need for your new Citroën ë-Berlingo van, including a tariff, charger and a solution for charging on the go making owning an electric vehicle easier and hassle-free. [Click here for more information.](#)

* WLTP figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vans tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

* **The range and electric consumption figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1st September 2018. They may vary depending on actual conditions of use and on different factors including (but not limited to):
- speed
- thermal comfort on board the vehicle
- driving style
- outside temperature.
The charging time depends in particular on the power of the charger on board the vehicle, the charging cable and the type and power of the charging station used.

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer’s ‘plate’ showing the vehicle and axle gross ‘plated weights’. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Kerb weight

The Minimum Mass minus the driver’s weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

Minimum Mass

Minimum Mass (‘Mass in running order’ on Certificate of Conformity and ‘Mass in Service’ on V C form) is defined according to European Type Approval and include all fluids, tools and 0 fuel load EV battery. It is minimum mass for this variant and does not consider local specification trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer’s plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is uted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle’s plated weight. Payload does not include driver but does take into consideration specification trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

Roof load should not exceed 100kg including the weight of the roof rack carrier.

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle’s plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12 gradient, which is approximately 1 in 8.3, at sea level. At altitudes

above 1 00 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator’s responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Citroën towing attachments and accessories available from your Citroën Commercial Vehicle Retailer. They are designed specifically for Citroën models and carry a 12-month warranty.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3. tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3. tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2 N2 vehicles are legally re ired to be speed limited. M2 to 62mph and N2 to 6mph.

Conversions

Body builders re iring conversion guidance including 2D drawings & 3D CAD should establish an account at www.converters-and-stellantis.com

Dimensions

Exterior Dimensions

Panel Van & Crew Van		
Dimensions (mm)	M	XL
Wheelbase	278	2 7
Overall length	4403	47 3
Overall height	17 6 - 1860	1812 - 1860
Width (excluding door mirrors)	1848	
Width (including door mirrors)	2107	
Front overhang	8 2	
Rear overhang	726	886
Minimum Ground Clearance	160	160
Minimum Ground Clearance (with Worksite Pack)	182	17

Dimensions of Doors

Panel Van & Crew Van		
Dimensions - mm	M	XL
Min. width of side sliding door	641	
Max. width of side sliding door	67	
Max. load height of side sliding door	1072	
Max. width of rear opening	1241	
Load width at floor of rear opening	1241	
Load width at top of rear opening	1087	
Maximum load height of rear opening	11 6	

Interior Dimensions

Panel Van		
Dimensions - mm; Volume - m³	M	XL
Load length at mid-height	1 2	187
Load length at floor (without load-through bulkhead)	1817	2167
Load length at floor (with EXTENSO® seat folded if applicable)*	30 0	3440
Load width between wheel arches	122	
Max. load width	1 27	
Max. load height	1200	1270
Load volume (without EXTENSO® seat folded if applicable)	3.3	3.
Load volume (with EXTENSO® seat folded if applicable)	3.8	4.4
Rear sill load height min to max	47 - 88	60 - 6
Rear sill load height min to max (with Worksite Pack)	601 - 62	604 - 617

Note: Measurements uoted are based on a non ply van delivered from the factory.

*Load length at floor along centre is impacted by rear door locking mechanism (by approximately 60mm)

Crew Van	
Dimensions - mm; Volume - m³	XL
Load length at floor (without rear seats or passenger seat folded)	14 0
Load length at floor to bulkhead (with rear seats folded and bulkhead in forward position)	2000
Load length at floor to front of cab (rear seats & passenger seat folded and load-through bulkhead open)	30 0
Load volume (without rear seats or passenger seat folded)	1.8
Load volume (rear seats folded & bulkhead in forward position)	3.
Load volume m³ (rear seats & passenger seat folded and load-through bulkhead open)	4.0
Rear sill load height min to max	60 - 6

CITROËN Ë-BERLINGO & BERLINGO VAN

Citroën & You

A network of Citroën Van Retailers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today’s Citroën customer.

Retailers can offer advice on vehicle funding; via Leasys with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Citroën Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

Delivery and number plates

There is a standard charge for delivery with number plates as follows:

Citroën Berlingo & Berlingo Van, Dispatch and Relay: £1,074.17 exc. V.A.T. (£1,289 inc. V.A.T.)

These prices are exclusive of Vehicle Excise Duty and the Government First Registration Fee. Where delivery is not made to the customer at the Retailer's premises, a further charge may be made at the Retailer's discretion.

Vehicle Excise Duty

V.E.D. rate for all commercial vehicles up to and including 3, 00kg G.V.W.: £360
V.E.D. rate for Diesel commercial vehicles above 3, 00kg G.V.W.: £177

Vehicle conversions

Conversions of vehicles supplied by Citroën UK are carried out by independent companies to suit the needs of individual customers. In all cases, the converter company is responsible for:

- Ensuring that the converted vehicle conforms to all legislation in force at the time
 - The suitability of the conversion carried out, in agreement with the customer
 - The quality of design and workmanship of the conversion
 - Claims under guarantee relating to the conversion
- Citroën UK Ltd does not accept any liability whatsoever and howsoever incurred in respect of the works carried out by such independent companies, and customers must assure themselves of the suitability, quality and legal conformity of such conversion works.

Citroën Fleet and Business sales

All Citroën New Van Retailers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing vans, priority servicing and much more. In short, their expertise aims to provide a ‘total transport solution’ for all your fleet or business vehicle needs.

For more information on Citroën fleet and business sales please contact your local Citroën Retailer or [click here](#)

Leasys

Leasys is the proud Business Contract Hire partner of Citroën and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys is equally owned by Stellantis and Credit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Citroën Retailer or [Click here](#).

Comprehensive Warranty

Every new Citroën van offers the benefit of a three year* warranty package, plus a five year anti-perforation** warranty and a two year paint warranty.

In addition, the ë-Berlingo van, ë-Dispatch and ë-Relay offer a manufacturer’s battery warranty of eight years 100,000 miles up to 70 charging capacity.

* Two years’ unlimited mileage manufacturer’s warranty. No-fee customer option of one year’s Retailer provided warranty, only on vehicles sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 100,000 miles for all commercial vehicles including motorhomes and other converted vehicles.

** Against all internal to external perforation to bodywork or underbody on condition the van undergoes an inspection by a Citroën franchised Retailer on its second and fourth anniversaries.

Citroën Assistance

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency.

It comes free of charge for a full year, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both van and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional Citroën Assistance via your local Citroën Retailer at any time. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic

accidents and punctures wheel changes. ë-Berlingo, ë-Dispatch and ë-Relay vans come with a free of charge three year Citroën Assistance starting from the date of registration.

For more details please [click here](#)

Servicing

Available up to one year from your vehicle’s registration date, but before its first chargeable service, a Citroën Servicing package enables you to pay in advance for:

- Scheduled Servicing
- Annual Service(s) for vehicles with a two year service plan
- Brake Fluid Replacement

This package can be personalised depending on your needs, with options ranging from 12 to 60 months and 10,000 to 100,000 miles.

As outlined in your vehicle’s Maintenance & Warranty Guide.

Maintenance

For a single fee or low monthly payments, you can put yourself in control of your maintenance costs. Depending on your needs, you can choose from a package that covers you between 12 and 48 months and between 10,000 and 100,000 miles and provides you with:

- Scheduled Servicing†
- Periodic Maintenance†
- Wear and Tear Cover – The replacement of friction materials such as brake pads, discs, wiper blades, clutch and other such items needed to keep you and your vehicle on the move
- Citroën Assistance, provided by the AA, includes: Roadside & At Home Assistance, Recovery, Onward Travel and European Cover

MOT test fees

Why not add the following option to your chosen package:

- Replacement of worn tyres, including wheel balancing (includes puncture repairs)
- Replacement vehicle whilst yours is being serviced or MOT’d

Rest assured that all Maintenance and Servicing work will be carried out by qualified Citroën Technicians at any Citroën Authorised Repairer within the UK, using only Citroën Original Equipment and Approved Parts.

For further information, please contact your Citroën Retailer.

Citroën Motor Insurance

Citroën Insurance has been designed specifically for our vehicles. You don’t just get repairs you get Citroën expertise, service, quality and parts. You see, where other insurers see a vehicle, we see a Citroën.

So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725. (Lines open 8am-8pm weekdays, 9am-5pm Saturdays)

Alternatively, visit [www.citroen.co.uk](#) for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AA. Registered in England & Wales No. 117 800. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK Limited (company registration number: 01024322) having its registered office at 61 London Road, Redhill, Surrey, RH1 1AA.

Internet

[Click here](#) to visit the Citroën Website for full information on all Citroën products and offers available in the UK, together with details of our environmental and recycling policies. Or [click here](#) to contact Citroën directly. Alternatively, for further information, please contact your Citroën Retailer.

Citroën Connected Services

Vehicles equipped with the Citroën Connect box have an embedded SIM card.

This means that as well as safety features, Citroën drivers can subscribe to a range of connected services:

- Real Time Traffic and Speedcam alerts: with live data to enhance the Citroën Connect Nav system
- Remote access to lock or unlock the vehicle’s doors from a smartphone
- E-remote Control: remote management of electric vehicle charging and temperature
- And much more

Service availability depends on the hardware fitted on each vehicle. For more information [click here](#).
